MEDICAL CONDITIONS POLICY

To support children's wellbeing and manage specific healthcare needs, allergy or relevant medical condition, the Langwarrin Community Centre (LCC) will work in accordance with the Education and Care Services National Regulations to ensure health related policies and procedures are implemented. We aim to take every reasonable precaution to protect children's health and safety by explicitly adhering to individual medical management and risk management plans and responding to any emergency situation should they arise.

NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY		
2.1	Health	Each child's health and physical activity is supported and promoted.
2.1.1	Wellbeing and comfort	Each child's wellbeing and comfort is provided for, including appropriate opportunities to meet each child's needs for sleep, rest and relaxation.
2.2	Safety	Each child is protected.
2.2.1	Supervision	At all times, reasonable precautions and adequate supervision ensure children are protected from harm and hazard.
2.2.2	Incident and emergency management	Plans to effectively manage incidents and emergencies are developed in consultation with relevant authorities, practiced and implemented.

EDUCATION AND CARE SERVICES NATIONAL REGULATIONS	
S 165	Offence to inadequately supervise children
S 167	Offence relating to protection of children from harm and hazards
S 172	Failure to display prescribed information
S 174	Offence to fail to notify certain circumstances to Regulatory Authority
12	Meaning of a serious incident
85	Incident, injury, trauma and illness policies and procedures
86	Notification to parent of incident, injury, trauma or illness
87	Incident, injury, trauma and illness record
89	First aid kits
90	Medical Conditions Policy

90(1)(iv)	Medical Conditions Communication Plan
91	Medical conditions policy to be provided to parents
92	Medication record
93	Administration of medication
94	Exception to authorisation requirement—anaphylaxis or asthma emergency
95	Procedure for administration of medication
136	First Aid qualifications
162	Health information to be kept in enrolment record
168	Education and care services must have policies and procedures
170	Policies and procedures are to be followed
173(2)(f)	Prescribed information to be displayed- a notice stating that a child who has been diagnosed as at risk of anaphylaxis is enrolled at the service
175	Prescribed information to be notified to Regulatory Authority

PURPOSE

The *Education and Care Services National Regulations* requires approved providers to ensure services have policies and procedures in place for medical conditions. We aim to efficiently respond to and manage the medical conditions, health care needs or allergies of children and staff ensuring the safety and wellbeing of all children, staff, families, and visitors at LCC.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor and visitors of the Service.

DUTY OF CARE

LCC has a legal responsibility to take reasonable steps to ensure the health needs of children enrolled in the service are met. This includes our responsibility to provide:

a. a safe environment for children free of foreseeable harm *and*

b. adequate supervision of children at all times.

IMPLEMENTATION

We will involve all educators, families and children in regular discussions about medical conditions and general health and wellbeing throughout our curriculum. LCC is committed to adhering to privacy and confidentiality procedures when dealing with individual health care needs, allergies or relevant medical conditions including having families provide written permission to display the child's medical management plan in prominent positions within the Service.

There are a number of concerns that must be considered when a child with a diagnosed health care need, allergy, or medical condition is enrolled at the service. Key procedures and strategies must be in place prior to the child commencing at the service to ensure their individual health, safety and wellbeing. It is imperative that all educators and volunteers at LCC follow a child's medical management plan in the event of an incident related to a child's specific health care need, allergy, or medical condition.

THE APPROVED PROVIDER / NOMINATED SUPERVISOR/MANAGEMENT WILL ENSURE:

- ensure obligations under the *Education and Care Services Victorian Law and Victorian Regulations* are met
- all staff, educators, students, visitors and volunteers have knowledge of and adhere to this policy and relevant health management policies (*Asthma Management Policy/ Anaphylaxis Management Policy/Diabetes Management Policy*)
- all enrolment forms are reviewed to identify any specific health care need, allergy or medical condition
- existing enrolment forms are reviewed annually, and parents contacted to confirm if the existing diagnosed health care need, allergy or relevant medical condition still applies and whether any new needs have been diagnosed
- parents/guardians are provided with a copy of the Service's *Medical Conditions Policy* and any other relevant medical conditions policy
- a child is not enrolled at, nor will attend the Service without a medical management plan and prescribed medication by their medical practitioner. In particular, medication for life-threatening

conditions such as asthma, anaphylaxis or diabetes must be provided at the service each day [e.g. asthma inhalers, adrenaline auto injection devices or insulin]

- all medication provided to the Service, including over the counter medication that forms part of the child's medical management plan, must be clearly labelled with the child's name and prescribed dosage
- educators, staff and volunteers have knowledge and access to this policy and relevant health management policies
- educators, staff and volunteers have a clear understanding of children's individual health care needs, allergy or relevant medical condition that may be ongoing or acute/short term in nature
- new staff members are provided with induction and ongoing training to assist managers, educators and other staff effectively and children with medical management plans are clearly identified
- all aspects of operation of the Service must be considered to ensure inclusion of each child into the program
- a risk minimisation and communication plan is developed in collaboration with the Nominated Supervisor/Responsible Person and lead educators to ensure communication between families and educators is on-going and effective
- communication regarding children's health requirements is delivered to families in a culturally sensitive and respectful manner
- at least one staff member or nominated supervisor is in attendance at all times with a current accredited first aid certificate, emergency asthma management and emergency anaphylaxis management certificate (as approved by ACECQA)
- educators and staff have a clear understanding about their role and responsibilities when caring for children with a diagnosed health care need, allergy or relevant medical condition
- families provide required information on their child's health care need, allergy or relevant medical condition, including:
    - medication requirements
    - allergies
    - medical practitioners contact details
    - medical management plan
- a medical management plan has been developed in consultation with parents and the child's medical practitioner and provided to the service and/or
    - an individual Asthma or Anaphylaxis Action Plan is developed in consultation with parents and the child's medical practitioner e.g.: (ASCIA) or National Asthma Council of Australia

  - an individual Diabetes Management Plan is developed in consultation with parents and the child's medical practitioner
  - Action plans must be provided into the service in colour
- a risk minimisation and communication plan has been developed in consultation with parents and management prior to the child commencing at the service
- educators and staff will be informed immediately about any changes to a child's medical management plan and risk management plan
- to record any prescribed health information and retain copies of a medical management plan, anaphylaxis management plan or asthma management plan and risk minimisation plan in the child's enrolment folder
- educators have access to emergency contact information for the child
- casual staff are informed of children and staff members who have specific medical conditions, food allergies, the type of condition or allergies they have, and the Service's procedures for dealing with emergencies involving allergies and anaphylaxis
- a copy of the child's medical management plan is visibly displayed (in an area not generally available to families and visitors) but known to all staff and volunteers in the Service
- risk minimisation plans and communication plans for individual children are accessible to all staff
- procedures are adhered to regarding the storage and administration of medication at all times as per the *Administration of Medication Policy* and *Procedure*
- educators are informed of specific medication requirements for children with medical management plans, including where medication is stored and/or any specific dietary requirements
- procedures are adhered to regarding the administration of medication at all times
- administration of medication record is accurately completed and signed by the educator and witness
- copies of children's medical management plans and medication are taken on any excursion or emergency evacuation from the service
- a notice is displayed prominently in the main entrance of the Service stating that a child diagnosed at risk of anaphylaxis is being cared for or educated at the Service, and providing details of the allergen/s (regulation 173)
- information regarding the health and wellbeing of a child or staff member is not shared with others unless consent is provided in writing, or provided the disclosure is required or authorised by law under relevant state/territory legislation (including Victoria- Child Information Sharing Scheme (CISS) or the Family Violence Information Sharing Scheme (FVISS). See *Child Protection Policy* for further information regarding legal obligations to sharing of information as per CISS or FIVSS schemes.)

FOLLOWING AN INCIDENT:

- in the event that of a high-risk scenario where a child suffers from an allergic reaction, incident, situation, or event related to a medical condition the Service and staff will follow the child's emergency medical management plan as per Reg. 90(1)(c)(ii)
- the first aid responder will commence first aid measures immediately as per the child's medical management plan, *Incident, Injury, Trauma and Illness policy and procedures and Administration of First Aid Policy* and *Procedures*
- urgent medical attention from a registered medical practitioner is contacted if required
- an ambulance is called by dialling 000 if the child does not respond to initial treatment
- the nominated supervisor or responsible person will contact the child's parent/guardian or emergency contact when practicable, but as soon as possible
- the nominated supervisor will ensure the *Incident, Injury, Trauma and Illness Record* is completed in its entirety
- the approved provider/nominated supervisor will notify the regulatory authority (within 24 hours) in the event of a serious incident (Reg. 12)
- the approved provider/nominated supervisor will conduct a review of practices following a medical emergency at the Service, including an assessment of areas for improvement.

MANAGEMENT OF ASTHMA, ANAPHYLAXIS AND DIABETES

For the management of Asthma, Anaphylaxis and Diabetes see individual Service policies and procedures which include procedures to follow on the administration medication following an anaphylaxis or asthma emergency. (Reg.94)

COOK AND FOOD HANDLERS WILL ENSURE:

- to keep up to date with professional training to help manage food allergies in ECEC services
- practices and procedures are in place, and adhered to, in relation to safe food handling, preparation and consumption of food

any changes to children's medical management plans or risk minimisation plans are implemented immediately

EDUCATORS WILL:

- follow this policy and associated medical policies and procedures
- inform the approved provider/nominated supervisor of communication from families that may impact changes and updates to the individual medical management plan

- notify the approved provider or nominated supervisor of any issues implementing this policy or procedure
- ensure medication is stored and administered in accordance with the *Administration of Medication Policy* and *Procedure,* including ensuring 2 educators are present during the administration of medication
- follow medical management plans at all times, including in the event of a medical emergency
- closely monitor children and ensure any symptoms or signs of illness are responded to immediately, including notifying families as soon as possible
- participate in the review of risk assessments and implement changes as required
- ensure medication and medical management plans are taken on all excursions and during emergency evacuations
- maintain current accredited first aid qualification, emergency asthma management and emergency anaphylaxis management training (as required)
- undertake specific training as required for individual medical conditions.

FAMILIES WILL ENSURE:

- they provide management with accurate information about their child's health needs, allergies, medical conditions and medication requirements on the enrolment form during the enrolment process
- the Service enrolment form is completed in its entirety providing specific details about the child's medical condition
- they acknowledge they have received/or are provided access to the Service's *Medical Conditions Policy and Administration of Medication Policy* at time of enrolment
- they provide the Service with a coloured copy of the medical management plan prior to enrolment of their child and/or
    - an individual Asthma or Anaphylaxis Action Plan
    - an individual Diabetes Management Plan
- they consult with management to develop a risk minimisation plan and communication plan
- they notify the Service if any changes are to occur to the medical management plan through the communication plan and/or meetings with the nominated supervisor
- they provide adequate supplies of the required medication and medical authorisation on *Administration of Medication Record*
- they provide an updated copy of the child's medical management plan annually or evidence from a medical practitioner to confirm the plan remains unchanged

- they provide enrolment documentation of any medical condition annually
- they provide written consent for their child's medical management plan to be displayed in the Service.

MEDICAL MANAGEMENT PLAN

Any medical management plan provided by a child's parents and/or registered medical practitioner should include the following:

  - specific details of the diagnosed health care need, allergy or relevant medication condition
  - supporting documentation (if required)
  - a recent photo of the child
  - current medication and dosage prescribed for the child
  - if relevant, state what triggers the allergy or medical condition
  - first aid/emergency response that may be required from the Service
  - any medication that may be required to be administered in case of an emergency
  - further treatment or response if the child does not respond to the initial treatment
  - when to contact an ambulance for assistance
  - contact details of the medical practitioner who signed the plan
  - the date of when the plan should be reviewed
- a copy of the medical management plan will be displayed for educators and staff to see to ensure the safety and wellbeing of the child, whilst ensuring the child's privacy by displaying only in an area generally only available to staff of the Service
- the Service must ensure the medical management plan remains current at all times
- educators and staff are updated immediately about any changes to a child's medical management plan

RISK MINIMISATION PLAN

All children with a diagnosed health care need, allergy or relevant medical condition must have a risk minimisation plan in place. (regulation 90(1)(c))

The-Approved Provider/Nominated Supervisor will arrange a meeting with the parents/guardian as soon as the Service has been advised of the diagnosed health care need, allergy or medical condition. During this meeting, a risk minimisation plan will be developed in consultation with the parent/guardian to ensure:

  - that the risks relating to the child's specific health care need, allergy, or medical condition are assessed and minimised

- that practices and procedures in relation to the safe handling, preparation, serving and consumption of food are developed and implemented
- that the parents/families are notified of any known allergens that pose a risk to a child and strategies for minimising the risk are developed and implemented
- practices are developed and implemented to ensure that all staff members and volunteers can identify the child, the child's medical management plan and the location of the child's medication
- that the child does not attend the Service without medication prescribed by the child's medical practitioner in relation to the child's specific health need, allergy or medical condition
- risk minimisation plan(s) are reviewed at least annually and/or revised with each change in the medical management plan in conjunction with parents/guardians
- all relevant information pertaining to the child's health and medical condition is communicated to parents at the end of each day by educators
- parents are notified by educators in advance of any special activities taking place such as celebrations, sporting events or excursions so plans of safe inclusion can be developed
- appropriate hygiene practices are followed by educators when managing medical conditions in accordance with the *Control of Infectious Diseases Policy*.

At all times, families who have a child attending the Service who have a diagnosed healthcare need, allergy or medical condition will be provided with a copy of this policy and other relevant policies specific to their child's health management and communication plans.

COMMUNICATION PLAN

The communication plan explains how relevant staff members, students and volunteers are informed about the medical management and risk management plans and how the parent of the child can communicate any changes to the diagnosed health care need, allergy or medical condition.

A communication plan will be created after the meeting with the parents/guardian to ensure:

- all relevant staff members, students and volunteers are informed about the *Medical Conditions Policy*, the medical management plan and risk minimisation plan for the child; and

Parents are required to notify the Service if any changes are to occur to the medical management plan or risk minimisation plan via email, and/or meetings with the nominated supervisor.

At all times, families who have a child attending the Service who have a diagnosed healthcare need, allergy or medical condition will be provided with a copy of this policy and other relevant policies specific to their child's health management and communication plans.
